

Urgent Care

As an urgent care facility, connecting to HealtheConnections can provide crucial information when it's needed most - at the point of care. Here are a few examples of how your organization can benefit:

Seeing an unfamiliar patient?

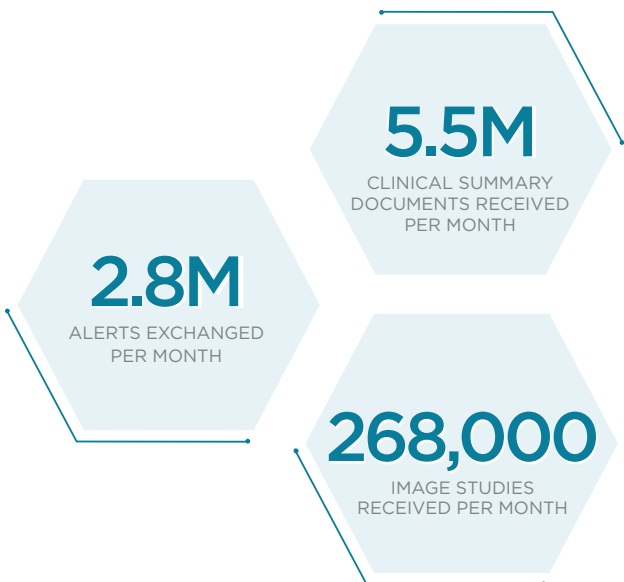

Patient Lookup lets you download laboratory results, radiology reports, medications, allergies, problem lists, and more.

Need to view a patient's medical images?

With Image Exchange, easily access and view diagnostic-quality images without any special equipment.

Need a follow-up with the patient's primary care provider or a specialist?

The National Provider Directory through Direct Mail lets you send and receive visit notes directly from other organizations.

How Can HealthConnections Help You?

Patient Lookup

Consolidated patient information from hundreds of data sources create a comprehensive clinical record, available at the touch of a button. Medications, allergies, medical history, labs, and more!

Query-Based Exchange

Connect to other state and federal partners including other regional HIEs, the Veterans Administration, the Department of Defense, the New York State Immunization Information System, and more.

Image Exchange

Eliminate reliance on the patient to bring in their disc. View diagnostic-quality images easily and efficiently for comparative studies directly in the provider portal, or have them delivered into your own PACS through Transfer-to-PACS.

Direct Mail

Secure, HIPAA-compliant communication for fast and easy care coordination. The intuitive system allows for live chat, sending and receiving attachments, and contains a national provider directory to connect you to referral partners.
