

urgent care

For urgent care, HealtheConnections can provide crucial information when it's needed most – at the point of care. The results are better communications, improved provider experience, and enhanced patient care.

get a clear view of a patient's medical history

Download laboratory results, radiology reports, medications, allergies, problem lists, and more.

view a patient's medical images

Easily access and view diagnostic-quality images without any special equipment.

follow-up with the patient's primary care provider or specialist

Send and receive visit notes electronically with other organizations or reference our National Provider Directory to find the right contact.

view a patient's medical images

Easily access and view diagnostic-quality images without any special equipment.

How Can HealtheConnections Help You?

patient lookup

Consolidated patient information from hundreds of data sources creates a comprehensive clinical record, available at the touch of a button. Medications, allergies, medical history, labs, and more!

direct mail

Secure, HIPAA-compliant communication for fast and easy care coordination. The intuitive system allows for live chat, sending and receiving attachments, and contains a national provider directory to connect you to referral partners.

image exchange

View diagnostic-quality images easily and efficiently for comparative studies directly in the provider portal or have them delivered into your own PACS through Transfer-to-PACS.

query-based exchange

Connect to other state and federal partners including other regional HIEs, the New York State Immunization Information System, and more.
